

XCLUTEL FINANCIAL SERVICES

Through our partnership with Xclutel, we make it easy for your company to stay competitive using leading edge technology, providing convenient financing solutions to accommodate all of your needs. Banks and other financial institutions will only lease hard assets. But at XFS, we understand phone systems, maintenance and software, and will finance all aspects of your telecommunications service.

XFS has a unique way of getting projects funded regardless of the amount of soft costs, while still allowing the end user to receive one invoice branded with their service providers image.

Your source for innovative financing solutions for Xclutel products and services

- ✓ Creative Leasing options unique to the financing industry
- ✓ Full Integration with your XCLUTEL phone bill
- ✓ One page faxable lease agreements with simple language
- ✓ Special New Business Financing Program for customers in business less than 2 years
- ✓ 100% financing with inclusion of applicable installation, wiring, maintenance, taxes, shipping charges and software costs in the monthly payment
- ✓ Toll-Free Sales Support hot line (855.FUND.XFS)
- ✓ Industry-leading credit approval rates

XCLUTEL Financial Services (XFS), a partner of XCLUTEL Communications, was established to bridge XCLUTEL customer's equipment and software needs with their unique needs in financing these products and services. Using the leasing power of XFS, all of your telecommunications services, including maintenance and managed services, are bundled onto one convenient monthly invoice. XFS streamlines the process of acquiring, upgrading and managing your communications equipment and software through innovative financing solutions to meet your individual needs.
